Project categorization:	
Description Dear Payodhi, We need your approval for new Insura application deployed. Please find the attachment of Business requirement documents for your references.	

History

#1 - 06/16/2021 10:07 AM - Krutika

- File TC_INSURA.xlsx added

#2 - 06/16/2021 10:30 AM - Payodhi

- Status changed from New to Approved

- Assignee changed from Payodhi to Krutika

Dear Krutika,

Approved, Pls proceed.

#3 - 06/16/2021 12:30 PM - Krutika

- Status changed from Approved to In Progress

- Assignee changed from Krutika to Avinash Ashok

Dear Team,

Please find the BR Document and start the project as per our plan.

#4 - 08/30/2021 11:10 AM - Avinash Ashok

- Assignee changed from Avinash Ashok to Krutika

Dear Krutika,

As per business requirement we built the insura application at web level . Pls find the UAT link for pilot testing.

Kindly check and confirm the working status.

#5 - 08/30/2021 12:10 PM - Payodhi

- Assignee changed from Krutika to Ram

Dear Ramkumar,

Find the above UAT testing link and confirm the working status.

#6 - 09/06/2021 02:10 PM - Ram

- Assignee changed from Ram to Avinash Ashok

Dear Avinash,

Please find the below finding points

List of bugs found in insura web portal at the time of testing.

1. Credential Screen Layout differs from computer to computer.
2. Reports – Unable to download reports (Intimation, outstanding, Final upload), on clicking It ask for credential then it loading and stuck there.
3. Final upload report is missing the web portal.
4. QC – Document Verification – under branch name (Wrong name is visible) (in SP we have to change it to “c.ngo”)- Member Details.
5. Document QC – Page layout is clumsy, data overlap.
6. Image Preview screen is too small. The image layout is not sable. Over zoomed in. Not suitable for QC check.
7. Member Details – in Account ID tab – Wrong data is reflecting (in SP we have to change it to “c.AccountID”)
8. Uploaded Documents – Additional documents names are reflecting (Ex - first form name is “Claim Intimation form” it's there but an additional form called “Insurance form 1” is also there with duplicate image)
9. For Relogin files – colour remarks are not clear.
10. Unable to untick checkboxes in “Select Discrepancy” between pages. (If I unticked checkboxes in form 1 and continues for form 2 again form 1 got ticked)

As we are stuck at the report stage today, we are unable to check at it end to end. I request someone from web development to join our testing session tomorrow to check it. A lot of things need to be fixed in the web portal. It is crucial. I shared supportive videos and images for reference.

#7 - 09/09/2021 10:19 AM - Avinash Ashok

- Assignee changed from Avinash Ashok to Ram

Dear Ramkumar,

Issue has been cleared, Now pls check and confirm the above issue in same link.

#8 - 09/11/2021 05:19 PM - Ram

- Assignee changed from Ram to Avinash Ashok

Dear Avinash,

Yes now its working fine. Next we need to build APK for insura app . we will move to production once pilot testing has completed.

#9 - 09/13/2021 10:39 AM - Avinash Ashok

- Assignee changed from Avinash Ashok to Krutika

Dear Krutika,

Web application is ready. Once APK ready kindly update me .

#10 - 09/13/2021 12:59 PM - Krutika
